Acknowledgements

Gothic Kinship brings together articles commissioned especially for this book and papers presented at two conferences held in 2009: the conference 'Points of Exit: (Un)conventional Representations of Age, Parenting and Sexuality', sponsored and hosted by the Centre for Gender and Diversity at Maastricht University, and the Ninth Biennial Conference of the International Gothic Association held at Lancaster University. We would like to thank our colleagues at Maastricht University and Manchester Metropolitan University for their intellectual and practical support, and two anonymous readers at Manchester University Press for their helpful comments on the original proposal.
