POCKET POLITICS

SERIES EDITOR: BILL JONES

Pocket politics presents short, pithy summaries of complex topics on socio-political issues both in Britain and overseas. Academically sound, accessible and aimed at the interested general reader, the series will address a subject range including political ideas, economics, society, the machinery of government and international issues. Unusually, perhaps, authors are encouraged, should they choose, to offer their own conclusions rather than strive for mere academic objectivity. The series will provide stimulating intellectual access to the problems of the modern world in a user-friendly format.
