Preface and acknowledgements

This book grew out of a series of sessions organised by the editors at the International Medieval Congress at Leeds in 2012, bringing together historians interested in Hincmar from across the world. The interest aroused by the sessions and the quality of the papers produced encouraged us to make more widely available this selection of some of the latest research on Hincmar. We thank all the contributors to this volume for agreeing to take part, and for smoothing the editing process.

We also wish to thank Hannah Probert for creating the map, and Nick Walsh for redrawing the *notae* marks in Josiane Barbier's chapter. We are grateful to the Presses Universitaires Paris Sorbonne for allowing us to include that chapter, a revised version of one originally published in French; to the Médiathèque of Rheims for permission to use our cover image; and to the Staatsbibliothek zu Berlin and the Bodleian Library, University of Oxford, for permission to reproduce pages from their manuscripts for illustrative purposes. Finally, we should like to thank Letha Böhringer, Andreas Öffner, Karl Heidecker and Phillip Wynn for their valuable contributions to the Hincmar panels at Leeds in 2012.
